## Results 2018

### Key Stage 2

Pupils are assessed against the new National Curriculum and results are reported as a scaled score from 80 - 120 and teacher assessments based on the standards in the new framework. A high (greater depth) score is 110 or above. Our school results are shown below, together with the National Average in brackets.

Caution has to be given to data in percentages as we have relatively small cohorts; in our key stage two cohorts this year, each child counts for just over 4.7%.

‘Changes made within the 2017/18 writing TA frameworks mean judgements in 2018 are not directly comparable to those made using the previous interim frameworks in 2016 and 2017.’ (DFE National Curriculum Assessments at Key Stage 2 in England 2018)

## **Key Stage 1**

Key Stage 1 results are based on teacher judgements supported by test outcomes. Due to low pupil numbers in this cohort, our data is available on request from the school.

## **Year 1 Phonics Screening Check**

We had 7 pupils taking the phonics screening check this year from year one and 2 from year two. Because of the low numbers, data for this is available from the school
