PE and School Sport

Key achievements to date (end of year 2017-2018)	Areas for further improvement and baseline evidence of need in preparation for 2018-19
<ul style="list-style-type: none"> - St John’s achieved a third consecutive ‘Gold Award’ from the School Games initiative in 2017-18 for our commitment, engagement and delivery of school sport and competitive opportunities - The use of new swimming facilities has enabled smaller group teaching for all children from reception to Year 6 (5 weeks per year) - The Daily Mile has been introduced and teaching staff have already noted the positive impact it has had on learning in-class. - 2 hour-offer for PE is met with one-hour delivered by specialist coach for all children - Continued success at Level 1 & 2 competition in local area - Our PE Curriculum enables children to take part in more intra-school events across a wider range of sports and activities. This is enhanced by extra-curricular provision which promotes a healthy lifestyle. - A Forest School site is used regularly for curricular and extra-curricular provision with qualified leader appointed to the school. 	<ul style="list-style-type: none"> - Continue to strive for more children to participate in competitive sporting events - Develop monitoring systems to ensure all children are undertaking at least 30 minutes of physical activities a day (in line with the guidelines). - Update the ‘parent voice’ for sporting opportunities in our school and give our school families the opportunities to say what they would like to see offered - Purchase of equipment - ‘Self-rescue’ to be taught with proficiency for an increased number of pupils (from 41%)

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport you offer. This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
-

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport
