

Greater Than or Less Than

Count the superhero-themed objects in each box. Then, draw the correct symbol in the middle box to show which is greater. The first one has been done for you.

 <div style="float: right; border: 1px solid black; padding: 2px 5px;">7</div>		 <div style="float: left; border: 1px solid black; padding: 2px 5px;">10</div>
 <div style="float: right; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>		 <div style="float: left; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>
 <div style="float: right; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>		 <div style="float: left; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>
 <div style="float: right; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>		 <div style="float: left; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>
 <div style="float: right; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>		 <div style="float: left; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>
 <div style="float: right; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>		 <div style="float: left; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>
 <div style="float: right; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>		 <div style="float: left; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>
 <div style="float: right; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>		 <div style="float: left; border: 1px solid black; width: 30px; height: 30px; background-color: lightblue;"></div>
