

English:

This term in English we will be developing our writing skills using the books 'My name is not refugee' and 'The Curious Case of the Missing Mammoth'. In our guided reading sessions, the Year 2s will be reading 'My Encyclopaedia of Very Important Animals'. The Year 1s will follow the guided reading in Rising Stars Phonics scheme.

PSHE:

This term in PSHE we will be thinking about our 'Living in the Wider World'. We will be exploring diversity in Britain and thinking about how we can aim high!

PE:

This term in PE we will be practising our dance and gymnastics skills. We will also be improving our throwing and catching games and developing our target games skills.

Computing:

This term in Computing we will be learning about 'Robot Algorithms'. We will describe a series of instructions as a sequence, explain what happens when we change the order of instructions, use logical reasoning to predict the outcome of a program, explain that programming projects can have code and artwork, design an algorithm. We will also be thinking about our 'Online Reputation'. We will know how to explain how information put online about someone can last for a long time and to describe how anyone's online information could be seen by others.

Maths:

This term in Maths the Year 1s will be learning about Place Value, Addition & Subtraction, Length & Height and Mass & Volume. The Year 2s will be learning about Money, Multiplication & Division, Length & Height and Mass, Capacity & Temperature

Voyages of Discovery

History:

This term in History we will learn about 'Voyages of Discovery'. We will order some significant explorers on a timeline and identify the continents they visited, learn about who Christopher Columbus was, what he did and where he went, learn about who Neil Armstrong was, what he did and where he went, investigate the journeys of Christopher Columbus and Neil Armstrong, learn about the vessels used by Columbus and Armstrong in their expeditions,

Art, Design & Technology:

In Art, we will learn about sculpture. We will be looking at different sculpture techniques with a focus on the work of Antony Gormley. In D&T we will be learning about mechanisms (wheels and axels), and we will design, make and evaluate our own vehicles.

Music:

This term in Music we will be getting musical with space rhythms and habitat music

Science:

This term in Science the Year 1s will be learning about Materials. They will learn to distinguish between an object and the material from which it is made identify and name a variety of everyday materials, describe the simple physical properties of a variety of everyday materials Year 2s will also be learning about Materials. They will learn to identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses and find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.

Geography:

This term in Geography we will be learning about 'Our Planet - Earth'. We will name and locate the four countries and capital cities of the United Kingdom and its surrounding seas, name and locate the world's seven continents and five oceans, use an atlas to identify and place different countries, continents, and oceans, learn about and identify five climate zones.

RE:

This term in RE we will be continuing to explore the question 'Who is Muslim and how do they live?'. We will be thinking about what people can learn from Muslim holy words and the difference worshipping God makes to Muslims. We will also be exploring the question 'Why does Easter matter to Christians?'. We will learn why Palm Sunday is so important to Christians, what is so good about Good Friday and why Easter is important to Christians.
